

APPL Free Agents Privacy Policy

Version: 2026-07-18-v1

APPL Free Agents is operated by the Arizona Pickleball Players League (APPL). This Privacy Policy explains how information is collected and used when you use the APPL Free Agents app.

Information We Collect

APPL Free Agents may collect and store:

- Your verified mobile phone number, used for account authentication.
- Your email address, used for APPL communications and account administration.
- Your player profile information, including your name, profile photo, gender, skill level, region, age bracket interests, team interests, availability, preferred courts, and information you choose to include in your About Me section.
- Your connections and chat messages with other APPL Free Agents users.
- **Information necessary to operate, secure, and administer your account.**

Information Other Players Can See

Other eligible APPL Free Agents users may see the information you choose to include in your player profile. Your phone number and email address are not displayed in the Marketplace or shared with other players through your profile.

How We Use Your Information

APPL uses your information to:

- Authenticate and administer your account.
- Display your player profile to other eligible users when your player card is visible.
- Help players connect and communicate with one another.
- Operate, maintain, secure, and improve APPL Free Agents.
- Communicate with you about APPL Free Agents and related APPL matters.
- Enforce APPL policies and address misuse of the service.

Player Card Visibility

You may hide your player card from other players without permanently deleting your account. Hiding your player card does not necessarily delete your profile, connections, chats, or account information.

APPL may also automatically hide player cards after an extended period of inactivity. Opening and using the app may restore your player card unless you have chosen to hide it manually.

Account Suspension

APPL may suspend access to APPL Free Agents when necessary to enforce applicable rules, policies, or standards of conduct.

Account and Data Deletion

You may request permanent deletion of your APPL Free Agents account through the deletion process provided by the app. Permanent deletion is different from temporarily hiding your player card.

Data Security

APPL uses reasonable technical and administrative measures designed to protect information associated with APPL Free Agents. However, no electronic system can guarantee absolute security.

Changes to This Privacy Policy

APPL may update this Privacy Policy from time to time. If an update requires renewed acceptance, you will be asked to review and accept the updated Privacy Policy before continuing to use APPL Free Agents.

Contact

Questions about APPL Free Agents or this Privacy Policy may be directed to APPL through its official contact channels.
